Aaron  
Yes let's go ahead with the amendment (including separating sales and taste samples).  
I will send the amendment back to you shortly.

There seems to be some concern about providing taste samples at another location. I can't see the reading of the provision that would allow that. However, if you want, I could do an amendment to separate out the "sales" language from the "taste sample" language, and that might save you some grief down the road. Erin from the Wine & Spirit Institute suggested she would be asking for amendments, but I don't know exactly what they would be - I suspect this would be one of the topics .... If you want me to proceed with such an amendment, I would prefer to revise the attached amendment and then create one additional amendment.

Yes, any activity has to be on the distillery premises. The distillery can sell for consumption on the premises (drinking there) or off-premises (packaged product to take home). But all activity has to occur on the distillery premises.

Aaron,  
Thank you...so to clarify our bill focuses on "on premise" then correct?

Hi Sarah,

I received a call from Erin of the Wine & Spirit Institute, who indicated that you and Jenny in Rep. Vos' office referred her to me.

One of the questions she raised had to do with taste sampling "on" and "off" premises.

I just wanted to let you know that I did include a small change in this amendment intended to address the issue. While it is merely the insertion of a comma, I believe it should remove any ambiguity that might be read into the bill (that is, the ambiguity that Erin seemed to see). I did not mention the amendment to Erin, as it is unintroduced and still confidential for LRB purposes.
